NEW YORK MINI

NYMini2019 - July 20th & 21st, 2019

General Information:

To complete as many rounds as possible on the first day, work and play teams are asked to follow the pool play match format as strictly as possible.

- Limited warm-up for Women's 5 mins shared, warm-ups for Men's 2 mins shared / 4 mins serving team / 4 mins receiving team and will begin at the conclusion of the previous match & NOT when the reffing team gets there to do a coin toss. Work team MUST keep time. Tournament staff may encourage work teams to get the warm-ups moving. Please be kind to them
- Pick up score sheet/work basket from the Command Center for the first match.
- Work team must be responsible for all materials (scoreboard, volleyball & clipboard) in the work basket. Anything missing will result in a penalty from your teams' security deposit.
- Work team should make sure court is clean and is in good condition to play. (Wet spots, water bottles, garbage & etc...)
- Fill out appropriate information on the score sheet AND SIGNED by all playing/work teams at the end of the match.
- Working team is prohibited from using an umbrella, folding chair or any hard object to work. Safety first!
- Call the captains for the coin flip to determine serve or side.
- At the end of match, bring the score sheet back to the main command center for those teams at the tennis courts or to the mobile command center for teams at the other sites. Work team must return with a new score sheet back for the next work team.
- Work team is responsible for the ball at all time during the game, (i.e. ball is hit over the fence or last point of the game) the work team must retrieve.
- Tournament Committee reserves the right to alter the tournament format as necessary to accommodate weather and time constraints.
- Tournament Committee's decisions are final.
- Each team is allowed 2 timeouts per game (30 seconds per timeout)
- During match play, players may not step into the neighboring court when chasing down a ball.

Quality of Referees:

1. All teams should be mindful that their respective work teams are manned with knowledgeable and capable people.
2. Up-Refs should be experienced. Less experienced or those in training can be Down-Refs
3. Clubs and organizations should ensure that their work teams are the best possible, and to supplement them with other club or organization members when needed.
4. For independent, junior and new teams not being able to provide experienced referees, please seek out the Command Center for assistance. The Competition Committees reserves the right to adjust work team assignments as necessary, in order to resolve any officiating difficulties of conflicts

Basic Review of Rules:

1. Only Up-Refs can call 'Hand-over' or any violation that crossed the plane of the net
 - a. Down-refs can only 'suggest'
2. Service Faults for 9man (there are no warnings).
 - a. One foot must be on the ground (within the legal court requirements) at the point of contact of the serve. Violation results in loss of service (side out) and point awarded to the opposing team
3. Out of Service Rotation: First Infraction is a Warning.
 - a. Notation: Each team will receive 1 warning per game
 - b. Comment: After a team receives a warning, common sense dictates that the team will always request a service check from the work team
